

CELEBRATE IT **Who made me feel valued this year?**

Every gift cost someone something.

Start together: "Grace comes in, gratitude sees it, and graciousness passes it on."

REMEMBER **The Cost Count**

Pick three or four everyday things someone does for your family. Everyone guesses how many times each one happened this year, and then you work out a rough total together. Round freely.

EVERYDAY THING	OUR GUESSES	ROUGH TOTAL	WHO DID MOST OF IT	THANKED
For example: dinners cooked · "a hundred?" "a thousand!" · one a night is about 365 · Dad				☐
				☐
				☐
				☐

One thing that can't be counted _____

REJOICE **The Dish Chain**

Before anyone takes a bite, trace tonight's dish back, giver by giver, by asking, "And where did that come from?" Keep going until you reach something no person made. Draw the chain as you go.

Tonight's dish _____ Links counted _____

**READY** **Make the Weekend's Leaves**

- ☐ Photos printed ☐ Leaves cut ☐ Everything set by the trunk
- ☐ Optional: a photo of tonight's dish for the Thankful Album

What the kids said. Give the youngest the job of asking, every time: "And where did that come from?" Write down the links they found, the way they said them.
